

*Certify that*  
**Rimon Adel Makram**

Has successfully completed

*Standard Embedded Systems Course (Intake#162)*

from 28/07/2017 to 13/10/2017 (Duration:150 Hours)

Passing through the following topics:

*Introduction To Embedded Systems*

*C programming language*

*Data Structure*

*Microprocessors and Micro controllers Architecture*

*Embedded Systems Tools*

*Software Engineering*

*Embedded C Programming*

*Interfacing protocols*

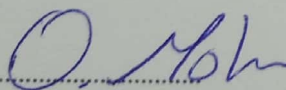

*Real Time Operating Systems "RTOS"*

*Testing and Validation of Embedded Systems*

*Automotive Bus Technology*

*Embedded Systems Project*

(Grade 86%)
